AP: Seattle council likely to back off tax opposed by Amazon

SLOG: Seattle City Council Will Vote on a Head Tax Repeal

Bloomberg: Seattle Poised to Repeal Tax On Amazon and Large Employers

Curbed: Seattle City Council likely to repeal business tax for housing and homeless services

Here's what Fong + team put together on path forward too. Let us know thoughts.

Egan v. City of Seattle_039028

Seattle's Path Forward on Homelessness: Four Point Plan

<i>Evaluate our spending and make sure it is as effective as possible and identify opportunities for improving outcomes.</i> • 3-person expert panel to review City spending and make recommendations. • Identify and release a report in 30 days that accounts for every dollar spent on homelessness in Seattle. • Produce an "early returns" assessment of Pathways Home and what is working and not working with our new shelter, rapid rehousing and other strategies. • Examine the Housing Levy and the City's approach to affordable housing and identify innovative approaches for accelerating production AND lowering per unit costs. • Internal review of the City's organizational structure around homelessness and recommend short and longer-term options for restructuring.	<i>New safer places for 500 people currently living unsheltered. Improve conditions outside with more garbage and sanitation services.</i> • Open new shelters and safe alternatives in 60, 90, 120 and 180 days to expand capacity for people living outdoors. • Increase the level of garbage and sanitation services across the City. • Advance a pilot program around garbage removal and sanitation services for RVs. • Pilot a new "safe parking" program for vehicle (non-RVs).
<i>Harness the energy of businesses and philanthropy toward coordinated investment strategies and best practices from other cities and regions.</i> • Seattle delegation visit to Los Angeles to review coordinated efforts for external homelessness funding. • Review best practices for sustainable and effective models for leveraging private and philanthropic funding for effective outcomes around homelessness. • Create a technology advisory council to help City and County staff analyze and utilize HMIS data; and identify other opportunities to use technology to advance effective delivery of services.	<i>Unify Mayors from across the County around concrete actions and a state and federal legislative agenda.</i> • Mayor Durkan and Mayor Backus to "go on the road" to meet with mayors across the County. • Finalize One Table action steps around key recommendations including mental & behavioral health, jobs & training efforts. • Explore regional governance models to ensure alignment of City and County strategies and funding.

AP: Seattle tax opposed by Amazon will be likely be rescinded

AP: Seattle council likely to back off tax opposed by Amazon

SLOG: Seattle City Council Will Vote on a Head Tax Repeal

Bloomberg: Seattle Poised to Repeal Tax On Amazon and Large Employers

Curbed: Seattle City Council likely to repeal business tax for housing and homeless services

Here's what Fong + team put together on path forward too. Let us know thoughts.

Seattle's Path Forward on Homelessness: Four Point Plan

Evaluate our spending and make sure it is as effective as possible and identify opportunities for improving outcomes.

- 3-person expert panel to review City spending and make recommendations.
- Identify and release a report in 30 days that accounts for every dollar spent on homelessness in Seattle.

New safer places for 500 people currently living unsheltered. Improve conditions outside with more garbage and sanitation services.

- Open new shelters and safe alternatives in 60, 90, 120 and 180 days to expand capacity for people living outdoors.
- Increase the level of garbage and sanitation services across the City.

Egan v. City of Seattle_039022

• Produce an "early returns" assessment of Pathways Home and what is working and not working with our new shelter, rapid rehousing and other strategies. • Examine the Housing Levy and the City's approach to affordable housing and identify innovative approaches for accelerating production AND lowering per unit costs. • Internal review of the City's organizational structure around homelessness and recommend short and longer-term options for restructuring.	• Advance a pilot program around garbage removal and sanitation services for RVs. • Pilot a new "safe parking" program for vehicle (non-RVs).
<i>Harness the energy of businesses and philanthropy toward coordinated investment strategies and best practices from other cities and regions.</i> • Seattle delegation visit to Los Angeles to review coordinated efforts for external homelessness funding. • Review best practices for sustainable and effective models for leveraging private and philanthropic funding for effective outcomes around homelessness. • Create a technology advisory council to help City and County staff analyze and utilize HMIS data; and identify other opportunities to use technology to advance effective delivery of services.	<i>Unify Mayors from across the County around concrete actions and a state and federal legislative agenda.</i> • Mayor Durkan and Mayor Backus to "go on the road" to meet with mayors across the County. • Finalize One Table action steps around key recommendations including mental & behavioral health, jobs & training efforts. • Explore regional governance models to ensure alignment of City and County strategies and funding.

Bloomberg: Seattle Poised to Repeal Tax On Amazon and Large Employers

Curbed: Seattle City Council likely to repeal business tax for housing and homeless services

Here's what Fong + team put together on path forward too. Let us know thoughts.

Seattle's Path Forward on Homelessness: Four Pillars

<i>Evaluate our spending and make sure it is as effective as possible and identify opportunities for improving outcomes.</i> • 3-person expert panel to review City spending and make recommendations. • Identify and release a report in 30 days that accounts for every dollar spent on homelessness in Seattle. • Produce an "early returns" assessment of Pathways Home and what is working and not working with our new shelter, rapid rehousing and other strategies. • Examine the Housing Levy and the City's approach to affordable housing and identify innovative approaches for accelerating production AND lowering per unit costs. • Internal review of the City's organizational structure around homelessness and recommend short and longer-term options for restructuring.	<i>New safer places for 500 people currently living unsheltered. Improve conditions outside with more garbage and sanitation services.</i> • Open new shelters and safe alternatives in 60, 90, 120 and 180 days to expand capacity for people living outdoors. • Increase the level of garbage and sanitation services across the City. • Advance a pilot program around garbage removal and sanitation services for RVs. • Pilot a new "safe parking" program for vehicle (non-RVs).
<i>Harness the energy of businesses and philanthropy toward coordinated investment strategies and best practices from other cities and regions.</i> • Seattle delegation visit to Los Angeles to review coordinated efforts for external homelessness funding. • Review best practices for sustainable and effective models for leveraging private and philanthropic funding for effective outcomes around homelessness. • Create a technology advisory council to help City and County staff analyze and utilize HMIS data; and identify other opportunities to use technology to advance effective delivery of services.	<i>Unify Mayors from across the County around concrete actions and a state and federal legislative agenda.</i> • Mayor Durkan and Mayor Backus to "go on the road" to meet with mayors across the County. • Finalize One Table action steps around key recommendations including mental & behavioral health, jobs & training efforts. • Explore regional governance models to ensure alignment of City and County strategies and funding.

Subject: EHT PDRs - AC

Stacy,

I have prepared a thumb drive with the latest records released in Discovery in the OPMA matter from MOS custodians. To the best of my ability I have identified which documents came from which custodian in an attempt to make it easier to see what would be responsive to a given request. Please note some of these records are likely outside the timeline of some of your PDRs.

These are in the pdf and Bates numbered format. To the extent you need Natives or non-Bates numbered records, I will try to accommodate as possible (not all of them flowed through me prior to the production).

There is a subset that has been held out from the discovery production (but was logged) that the City is maintaining are not public records. There may be continued litigation of these designations. I will try to keep you apprised if the status of any of these docs changes. I have attached that log here for your reference, to the extent these would be responsive to a PDR please let me know and I can discuss it with the team.

I can drop the drive off at your convenience,

Thanks

Aaron Valla
